

MAFI WHITE PROFESSIONAL OIL

Mafi Professional Oil is low-viscosity oil for commercial use with high content of solid substances and good penetration properties for quality treatment of wood flooring, wooden staircases and solid wood furniture for indoor use.

Mafi Professional Oil is on the basis soy oil, dry substances that are free from lead and zinc – oxidative drying. Aromat-free iso-paraffins with a mild odour are used for dilution.

Mafi White Professional Oil uses titanium dioxide for the white pigmentation. Free from harmful substances and cleavage products. Free from biocides, formaldehyde and turpentine. Contains no citrus terpene or similar substances. The wood can still breathe naturally, has antistatic properties, the wood's surface is more robust.

Please contact a Mafi Product Consultant for application instructions for Mafi Professional Oil.

ATTENTION! SAFETY REGULATION: SELF-INFLAMMABLE!

Material such as cloths, fleece, sheep wool pads that are soaked in oil must be immediately soaked in water and left to dry outdoors! Keep out of reach of children. Should not be poured into drains.
